

**New ways to
make a difference
without donating capital.**

ABOUT US

The Founder wanted to promote new ways that generate more social impact without giving away donations or savings.

We strive to augment acts of generosity and kindness in new ways that achieve known outcomes that inspire and emotionally charge the participants who feel this is important to them.

A new age philanthropic approach to facilitate donors that are looking for new ways to give more as altruism, but in a smart way that doesn't involve a direct debit or any diminution in savings.

Social Impact Bonds are the future to generating more value to the lives of us all by distribution.

OUR MISSION

Our mission is to help facilitate ways the public and businesses can join a community of likeminded people being **IMPACT** investors that believe empowering new ways to make a difference is important and worthwhile.

CORE VALUES

Create impactful and known outcomes for specific charitable purposes or for the general community good.

OUR SERVICE

We create Bond Certificates for a period of 1 year. The financial amount from Hundred pounds upwards. A Bond capital is traded and 100% of the net gain is distributed to a project of your choice. At the end of the term the capital is returned.

WHY CHOOSE US

Our purpose is to facilitate your positive giving experience in ways that meet increased social good outcomes.

Bushido is a not for profit organisation we give 100% of our profits away to help people in need or organisations that help make a difference.
